Thirteen More Dead Are in CHICAGO, Nov. 7.—Violence in connection with the election broke out early today in Chicago when J. H. Clancy, a Republican precinct worker in the Eighteenth ward, was fired on as he was leaving home. None of the shots took effect and the attackers escaped in a motor car from which three men fired several shots.

SALT LAKE, Nov. 7 .- Indications this afternoon pointed to the heaviest vote ever cast in Salt Lake county. With an unprecedented amount of ballot scratch-ing in progress, election officials predicted that final results in Salt Lake City and county would not be definitely known until an early hour Wednesday morning. Close observers did not hesitate to pre-dict a big majority for Senator William H. King over Ernest Bamberger, his Republican op-ponent for United States senator, believing much of the scratching of ballots was by Republicans who are deserting the head of the ticket.

While the entire Republican county ticket has been endorsed by Mayor Thompson and Attorney General Elward J. The political skirmishing also been severe in connection with the legislative contests in which the Rapublican faction controlled by Mayor Thompson and Governor Small are battling for control of the legislature and the beer and wine referendum has aroused some feeling, although gener-ally the prohibition organizations bace openly declared for ignoring the ref-erendum, asserting it is illegal and of no value and cannot nullify prohibi-

## Klan Figures in Warm Texas Contest

DALLAS, Texas, Nov. 7.—Earle R. Mayfield, Democratic candidate for United States senator to succeed Sen-ator Charles A. Culberson and George E. B. Peddy, independent Democrat and endorsed by the Republican state committee, are the two figures of overshadowing interest in today's election in Texas.

Mayfield, with his name off the

ballot in a number of counties and legally entitled to a place on all of the ballots in the state, by virtue of an eleventh hour supreme court ruling in his favor, is said to have the Ku Klux Klan casting a solid vote cor him, although he has not said any-thing about the klan in his campaign-ing. Feddy is figured on to swing the anti-kian and Republican vots.
Peddy's name is not on the ballot.
The election climaxes a bitter battle
